Aims & Objectives

To provide Council Officers with direction in addressing applications for Fireworks Permits under provision of the Fire and Emergency Services Act 2005.

To outline the process required to provide for members of the public to obtain necessary approvals for use of fireworks.

Policy Detail

Council’s role in the provision of Fireworks Permits is restricted to the issuing of Ninth Schedule Permits under the Fire and Emergency Services Act 2005. The applicant will require an original of the permit to meet further fireworks permit requirements from the approving agency (State Government – Department Administrative & Information Services).

Prior to the issue of a Ninth Schedule Permit the issuing officer MUST inspect the proposed site, so as to allow for any additional conditions to be included within the Ninth Schedule Permit.
